

SECURA

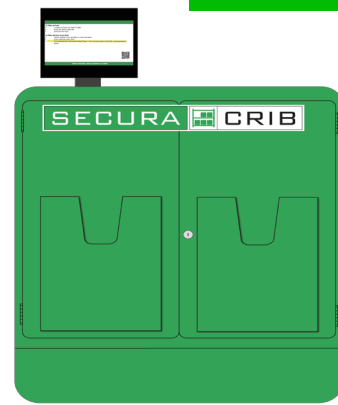

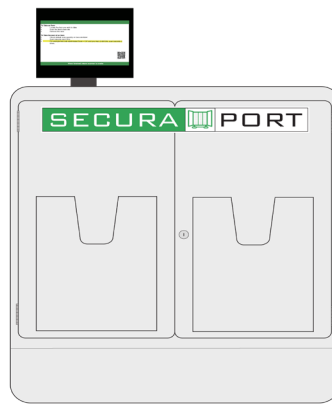

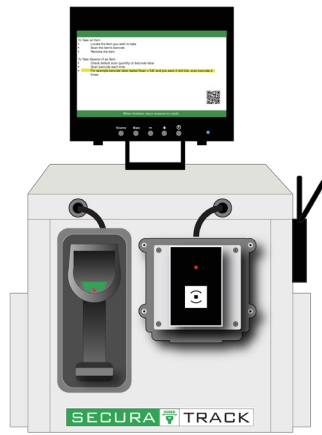

CRIB

TRANSFORMING THE WAY INVENTORY IS DONE

Turn any space into a managed crib and take control of your inventory

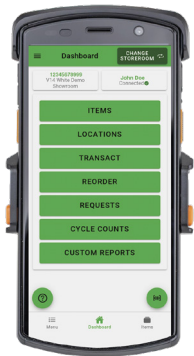

Storerooms: One Problem - Multiple Solutions

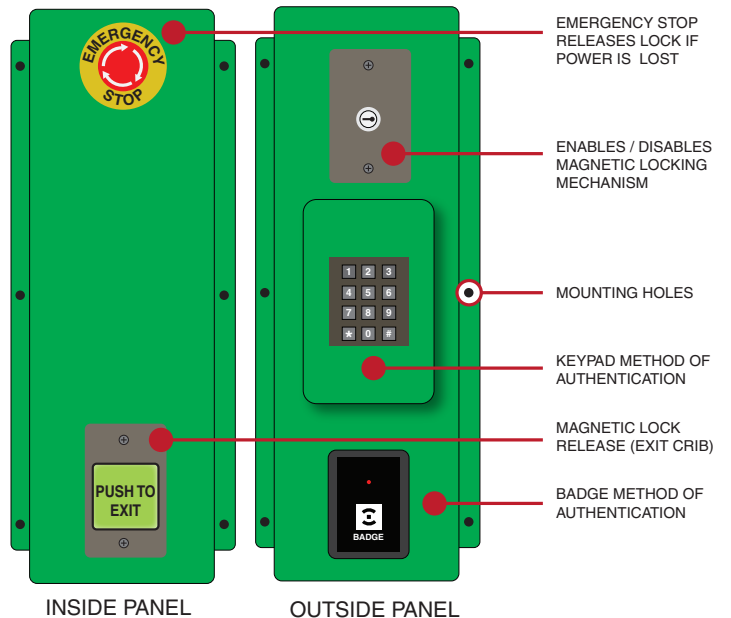

[SCHEDULE A DEMO](#)

SecuraTrack: Designed for attendant-run cribs and storerooms. SecuraTrack is the worlds most powerful storeroom management tool for the price - no more 24/7 monitoring costs, no more stock mismanagement

SecuraCrib and SecuraPort: Use the Crib and Port to create fully automated storerooms onsite or on a remote job site. Use an existing door or add one of our secure gates (we offer SecuraStock designed gates for Conex applications) - Add SmartBins or our point-of-use products to drive speed, accuracy, and productivity to a new level

CRIB AND STOREROOM CONTROL PANEL

SecuraScan and SecuraSmart: Our SecuraScan solution makes scanning faster and easier. Great for VMI applications and managing multiple stock locations. Add our SecuraSmart software to your mobile device and start scanning - Integrates with any of our solutions

Automated inventory management made easy

ANYWHERE ACCESS

- Manage your crib from anywhere with our cloud-based software
- Our proprietary software integrates with your ERP system through EDI and API interface capabilities.
- Check in and check out items
- Track item expiration, calibrate dates and much more
- Generates reorders, notifications, and reports
- Multiple methods for authentication available

FULLY AUTOMATED

- Save 20%-40% on your indirect materials.
- Min / Max levels auto re-order to ensure you never run out of stock

CAMERA SYSTEM ADDS SECURITY

- Four motion-tracking cameras records all user actions, deterring theft
- Software allows managers quick access to find and view transactions
- More cameras can be added as needed

QUICK IMPLEMENTATION

- Get set up and running in one day
- Quickly turn chaos into order. Everything you need for setup is provided, including mounting hardware, cabling, and installation guide
- Custom gate can be provided

24/7 CONTROLLED ACCESS

- User authentication and electronic door lock ensure security, while allowing 24/7 access to parts
- Dual entry mode available

TURN ANY SPACE INTO A CRIB.

- Cage off an area on the shop floor and add secure entry
- Turn any room into a managed storeroom by adding our locking system and authentication
- For remote sites, turn any shipping container (CONEX) into a secure storeroom

OPTIONS

- Add RFID readers for added convenience and security
- Add Smart Bins for 100% accuracy and increased speed
- Add a SecuraLocker or SecuraTower to expand storage and control
