

SECURA

PORT

TRANSFORMING THE WAY INVENTORY IS DONE

Transform any CONEX container or over-the-road trailer into a secure, automated inventory storeroom in a few hours

SIMPLE Converting a CONEX container has never been easier or more efficient. Our SecuraPort is engineered to fit to every CONEX Container without drilling into sides or roof. With simple, screw-to-the-floor gates, magnetic mounted cameras, and plug and play cable attachments, you're up and running in no time

SMART Quickly set up your storeroom using our user-friendly bar code labels; print from any printer and use with our bins or your own. Our powerful inventory management software makes reorders, cycle counts, returns, replenishment points and limits, non-stock requisitions, and more simple and speedy.

SECURE Fully control user authorization and management, using electronic lock security with badge reader and keypad authentication. All transactions are recorded, assigned to a user, and stamped with the date and time through our software and motion-sensing cameras.

Automated inventory management made easy
