VMI

TRANSFORMING THE WAY INVENTORY IS DONE

Know Your Inventory.
Every Bin, Every Tray, Every Time.

Introducing SmartBins & SmartTrays.

SecuraStock's SmartBins and SmartTrays eliminate the need for manual inventory checks. Our SmartVMI solutions deliver real-time, automated inventory management, helping you avoid overstocking and stockouts. Always know the exact inventory count in every bin and tray.

Powered by SecuraScales. Made Intelligent by SecuraSmart.

SmartBins and SmartTrays are built on the advanced technology contained in our SecuraScales product. This breakthrough combines the precision of SecuraScales with the intelligent capabilities of SecuraSmart to create the only VMI system on the market with this level of automation and intelligence.

Automated inventory management made easy
